# Camunda Champion Program

# Who am I?

**Luca Buchholz**

Sr. Global Community Manager

- Based in Berlin
- Passionate about building meaningful relationships and initiatives that help others thrive
- Launched **Camunda Champion Program** two years ago at Camunda Community Summit 2021

# What is the Camunda Champion Program?

CCS  
2023

## IT'S ALL ABOUT PEOPLE

With the Camunda Champion Program we want to give our **most active community contributors** credit for the work they're doing and set them up for success.

A program made for the community, and shaped by its members.

# Who is a Camunda Champion?

Camunda Champions are **loyal, helpful and collaborative** community members who actively support the Camunda Community. There's no one size fits all - Each community member has different strengths.

## **Contributions from Champions might include:**

- Speaking at events
- Leading User Groups & organizing events
- Answering questions on the Forum
- Releasing library or plugins
- Writing content about Camunda, such as blog posts
- And much more ...

# Why become a Champion?

## Community

You will enjoy access to Camunda experts and a community of fellow Champions.

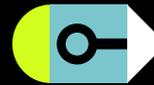

## Visibility

You deserve credit for your valuable contributions & we are going to amplify your work.

## Education & Resources

We want to support your growth by giving you access to educational resources & first-hand information.

## Swag & free tickets

What would be a Champion Program without special swag? Exactly!

# Meet our Champions!

Meet some of our Champions **here at the conference** or find them on our **Champion webpage!**

# JOIN IN NOVEMBER!

- Do you love to support others?
- Actively contribute to the community?
- Demonstrate Camunda product expertise?
- And, you are passionate about Camunda?

Then apply to join the program in November 2023.  
Also feel free to propose candidates.

DEADLINE TO APPLY:  
OCTOBER 6, 2023

**FEEL FREE TO REACH  
OUT FOR GUIDANCE!**

# THANK YOU!

# **Camunda Educational License Program**

## Camunda Educational License Program

If you're a member of an educational institution and you'd like to use Camunda for your course work or a research project, we'd like to help you with that.

Camunda's Educational License Program aims to enable people and organizations to teach BPMN and process automation to others by giving them access to the enterprise features of Camunda.
