Shared values

How we collaborate: Passion in doing, joy in sharing

- We enjoy what we do and we like to share it with others
- We are transparent
- We are generous with our time and knowledge

How we treat each other: Kind to others and ourselves

- We value and actively support diversity
- We connect with one another in meaningful ways
- We value humor

How we work together: Always accountable

- We take accountability for what we do
- We prefer actionable and quick improvements
- We are not only consuming information, but collaborating

Passion for what we do: Orchestration with heart

- We share the passion for process orchestration
- We shape the future
- We conquer complexity through process orchestration
